We Are Paving the Path for the New Realm of Organizational Topflight

StaffViz is a one-stop solution to streamline onboarding and other HR processes, manage projects, & tasks with timesheets capabilities to drive organizational efficiency and productivity.

Recruitment & Hiring
Push your recruitment process. From easy job posting, evaluating & hiring the right person, breeze-away recruitment life cycle management smoothly.
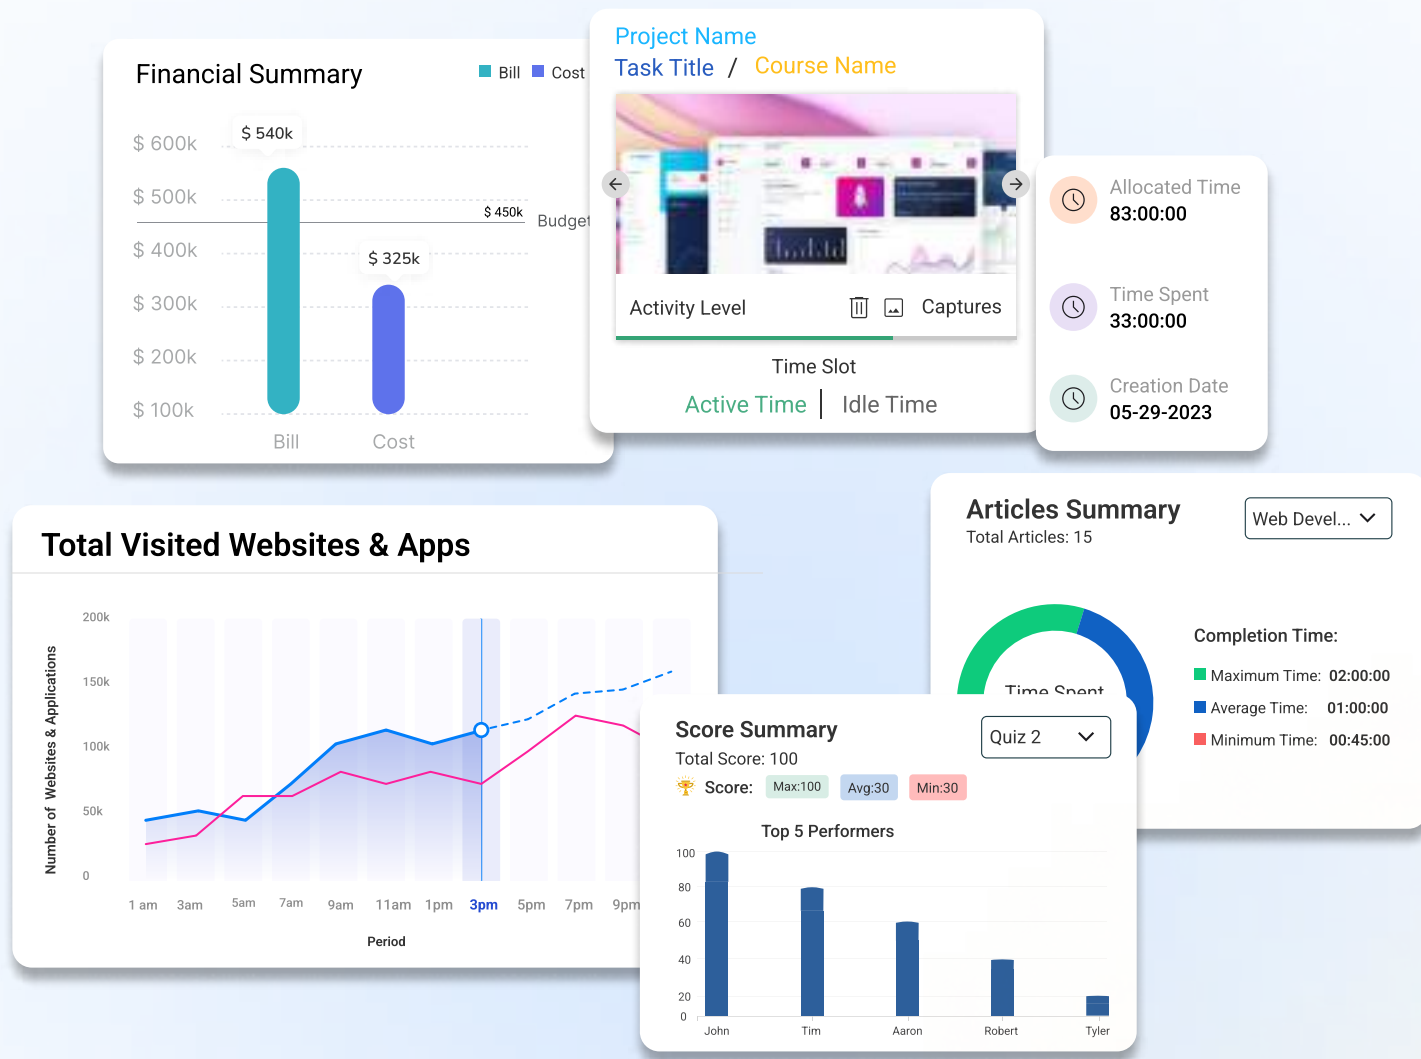

Onboarding & Trainings
Make articles and quizzes to keep your resources up to date regarding changing industry scenarios, technology trends, and dynamic clients' demands.

Shift & Break Management
Define multiple flexible shifts, manage breaks, and analyze break taking trends to ensure your workforce spends its energy in the right direction and place.

Project & Task Management
Assign, prioritize & coordinate important projects and tasks with the relevant person. Categorize billable/non-billable projects for accurate project reports.

Monitoring & Tracking
Keep an eye on the performance, track online activities, and monitor breaks to ensure everyone stays within your sight. Improve productivity across the team!

Snapshots & Capturing
Configure snapshots & time tracking options to get real-time, in-depth visibility of team's workflow & performance. Manage timesheets & screen captures.

Dashboard & Reports
Get a real-time, 360-degree view of your organization & team's performance within one app through one click! See diverse reports with appealing data presentation.
